**LICENSED HEALTH CARE PROVIDERS**

## **FOREWORD**

**The Health Care Consumer Right-to-Know Act of 1998, T.C.A. § 63-51-101 et seq, requires designated licensed health professionals to furnish certain information to the Tennessee Department of Health. The information specified in the law is contained in the attached questionnaire. From the information submitted, the Department will compile a practitioner profile which is required to be made available to the public via the World Wide Web and toll-free telephone line after May 1, 1999. Each practitioner who has submitted information must update that information in writing by notifying the Department of Health, Healthcare Provider Information Unit, within 30 days after the occurrence of an event or an attainment of a status that is required to be reported by the law. A copy of your initial or updated profile will be furnished to you for your review prior to publication. That opportunity will allow you to make corrections, additions and helpful explanatory comments. Failure to comply with the requirement to submit and update profiling information constitutes a ground for disciplinary action against your license. A blank copy of the profile may be obtained from the following web site address: <http://tennessee.gov/health>.**

**On the department's homepage, under Licensing, click on "Health Professional Boards"; then select the appropriate board.**
